

Fulfilling Our Promise

Steere House

NURSING & REHABILITATION CENTER

August 6, 2020

Dear Residents and Family Members,

I am writing to provide a weekly update. Steere House is following guidance of the Rhode Island Department of Health and will proceed with caution. However, it is anticipated that in-person modified visits, by appointment, will be re-instated next week on August 11th. As you know, until that time, Drive-By visits by appointment are permitted if weather is agreeable.

EMAIL only to Gina Williamson, Activity Director for appointments not earlier than August 11th:
GWilliamson@SteereHouse.org.

NO walk-ins and APPOINTMENTS ONLY. Each visit is scheduled for 30 minutes with supervision of staff per regulations.

Steere House will be allowed to consider other modified activities for our residents next week. This will include the re-opening of hairdressing services. A separate email will be sent to you as soon as possible on this service.

At this time, our recent employee results arrived and no-new positive COVID-19 results brings good news. Our practice is to remain vigilant and a pattern of cyclical testing will continue for all staff. We are following a rigorous cleaning schedule and have built an inventory to provide sufficient PPE to our team of caregivers and support staff.

Thank you for your patience and each kindness to our team during this pandemic, including your understanding with all the "twists and turns" each day brings for us all!

Best regards,

Julie H. Richard, NHA, MA

Administrator
