

Fulfilling Our Promise

Steere House

NURSING & REHABILITATION CENTER

December 28, 2020

Dear Family Members and Friends of Steere House,

Happy New Year to you all! This letter is to provide a brief update "between the holidays"!

1. COVID-19 surveillance testing of both staff and residents continues.
2. Visitation is permitted but only with an appointment. Appointments can be made by EMAIL: GWilliamson@SteereHouse.org.
3. COVID-19 vaccine inoculation is expected to be on January 8, 2021 for both residents and staff. By now, each resident's primary contact has received a phone call to review the process. The Steere House COVID-19 vaccine distribution and administration will be completed by Walgreens Pharmacy and their pharmacy personnel. We appreciate their partnership to get both steps of the shots administered to our community.

Notice: Masks will continue to be required following both COVID-19 vaccine to prevent the spread of the virus.

Steere House requests that you share this letter with your family so everyone has the same information.

Please accept our best wishes for a Happy and Healthy 2021!

Best regards,

Julie H. Richard, NHA, MA

Administrator
