

Fulfilling Our Promise

Steere House

NURSING & REHABILITATION CENTER

March 11, 2021

Dear Family Members and Friends of Steere House,

I am pleased to report a successful round of testing from Monday, March 8th is in and all is well.

It is so wonderful that today is in the upper 60's and feeling very Spring-like. But it is March in New England and snow is predicted for this coming Sunday! I will be looking forward to visitors on warmer afternoons and happily those days will be here soon. The R I Dept. of Health's (RIDOH) most recent guidance on visitation is NOT changed, but we are hopeful for some update in the next few days. The current visitation program at Steere House, including appointments, and other infection control protocols remain in place at the moment.

March is a month with other milestones and cause for celebration. As always our Culinary and Activity Departments have some special surprises planned.

- *March 17: Traditional St. Patrick's Day with all the trimmings
- *March 18: St. Joseph's Day with an Italian meal and Zeppole courtesy of the Original Italian Bakery, YUM!
- *March 25: National Spinach Day, not kidding! The feature is "you-know-what-veggie".
- *March 27: Passover begins and a traditional beef brisket is planned.

Along the way, visit our Facebook page at: Steere House Nursing & Rehab - for some highlights of these special events.

Across the country, we mark the calendar this month as the start of COVID-19 and remember those we have lost in the last 12 months. We miss our families and friends, and continue to treasure the memories of all those no longer with us. May your remembrance journey find peace and please accept the sympathies of our Steere House family to yours.

Sincerely,

Julie H. Richard, Administrator
