

Fulfilling Our Promise

Steere House

NURSING & REHABILITATION CENTER

April 13, 2021

Dear Family Members and Friends of Steere House,

I hope this message finds you all well. Recently, the Rhode Island Dept. of Health gave permission for some residents to travel. Thank you to the families who made this experience for these residents wonderful and who followed the guidance which RIDOH requires. An appointment is required to arrange for any resident travel to your household.

Contact: GWilliamson@steerehouse.org.

Visitation:

1. Our rules continue to require an appointment.
2. At all times while at Steere House, a staff escort is required by RIDOH.
3. CONTACT: GWilliamson@SteereHouse.org

The Activity Team is happy to be able to offer some group events in the near future. The hope is to have as many of these dates as possible outside. However, we know at times the weather will not be agreeable for our residents. In those circumstances, we will be using a carefully arranged indoor space. Entertainment and music will be first on our agenda! Our new courtyard patio will be perfect for many programs. It has electricity with plenty of warm sunshine and some of the seating is protected from the breeze. Other plans by the department include religious services and of course, the much loved bingo. Everyone has waited so long to be moving to the "new normal" and this is one small step in that journey.

Sincerely,

Julie H. Richard, Administrator
