

Fulfilling Our Promise

Steere House

NURSING & REHABILITATION CENTER

January 8, 2021

Dear Family Members and Friends of Steere House,

This letter is to provide you with a brief update as we welcome 2021 with hope in the power of vaccines and the gift of new beginnings.

1. A single resident is positive and is isolated. A single staff person tested positive and has not worked in more than 10 days. We continue to test staff and residents weekly.
2. Visitation continues but only with an appointment. Appointments can be made by EMAIL: GWilliamson@SteereHouse.org.
3. The first round of COVID-19 vaccine inoculation was completed today. It is an exciting day for residents and staff at Steere House! Additionally, we appreciate our care partners Walgreens and Pharmerica for their assistance in administering the shots to our community.

Notice: Masks will continue to be required following both COVID-19 vaccine to prevent the spread of the virus.

Thank you to all the family members who communicated with us regarding the vaccination process. The experience today went quite smoothly.

Please accept our very best wishes for a healthy and happy 2021!

Best regards,

Julie H. Richard, NHA, MA
