

Fulfilling Our Promise

Steere House

NURSING & REHABILITATION CENTER

March 5, 2021

Dear Family Members and Friends of Steere House,

Happy March! Spring is on the way and warmer temperatures are predicted next week. March is a month of transition and Rhode Island has new leadership in Governor Daniel McKee. However, many routines continue. One regular 'routine' is the bi-weekly conference hosted by the R I Dept. of Health (RIDOH) with all the nursing homes and assisted living centers. A virtual meeting with RIDOH was held last night. For the moment, there are no changes to the RIDOH policies. This means, no changes to the current visitation program at Steere House.

We do expect as more and more Rhode Islanders are vaccinated that some changes will be announced. I know that we are all anxious to learn what the next 'relaxations' will be. Steere House remains cautiously optimistic, but proceeds with safe practices a priority. For your patience, we are grateful.

As I mentioned in last week's update, do consider a COVID-19 vaccine for yourself, if you have not had the opportunity as yet. Thank you in advance for doing so!

Sincerely,

Julie H. Richard, Administrator
